52nd District Court online ticket payment demo

April/May 2008

PayTickets Application

Beginning mid-November 2003, in an effort to make paying tickets more convenient, the 52nd District Court began offering a new service through @ccessOakland. Certain Civil Infraction traffic tickets (OI, SI) and Parking tickets (OK, SK) may be paid by Visa or MasterCard via this Web site. Some restrictions apply (see below). No partial payments are allowed. A convenience fee is charged for the use of this service. Links have been added to each division's Web site. In the future, we hope to expand the types of payments allowed with this application.

If the ticket(s) meet the following criteria, payment WILL NOT be allowed:

- Ticket Transferred to Case (ticket closed)
- Overweight CMV offense (offense code 3620000 or 3620100)
- No accounts receivable; default (date on FS)
- No accounts receivable; suspension (date on FS)
- No accounts receivable; warrant (date on ST)
- Accounts receivable; default (fee type 14 on AR screen)
- Accounts receivable; no default; suspension (fee type 04 on AR screen)
- Accounts Receivable; no default; no suspension; warrant (date on ST)
- Ticket has been closed at some point (cancelled receipt/NSF)
- Informal hearing is scheduled today or a previous date with a blank disposition or DEF as disposition.

If the ticket(s) meet the following criteria, payment WILL be allowed:

- No accounts receivable; no default; no suspension; no warrant (FS screen)
- Accounts Receivable; no default; no suspension; no warrant (fee types on AR)

All payments receive a tracer (receipt) number from the current cycle and Mainframe is updated immediately. An ARS disposition code, V location code and EP for the judge code is entered (for non-accounts receivable tickets). Accounts receivable tickets retain the disposition, location and judge codes originally entered. Web payments taken during the most recent closed cycle appear on the daily cash balance report. Within the body of the report, they appear with a 9-digit check number beginning with 888 and SYS for the operator ID. A separate total field named WEB PMNTS is on the TOTALS BY FEE TYPE page. At any time during the day, a Web report is available which lists the defendant's name (alpha order), ticket number, offense, tracer number, amount paid, tracking number (Web assigned), date/time of payment and offense date. The court staff uses this report to pull the tickets, stamp them paid and file them away.

No Proof of Insurance Tickets:

If you have valid proof of insurance that shows you were insured for the vehicle in question at the time you were ticketed, you must present it to the court by the appearance date on the ticket so that your violation can be handled properly. **If you pay via this Web site without first providing valid proof of insurance, the violation will appear on your driving record and you will be subject to additional fees imposed by the Department of State.**

Procedure:

Please allow **at least 7 days** for your ticket to be available on this Web site. The unavailability of your ticket on this Web site does not release you from paying the ticket by the due date.

- Ticket number and **last name** or
- Driver's license number and **last name**

The **ticket number** is located at the top of your ticket and may be in **red** or **black ink**. If there are alpha characters in the ticket number, please **DO NOT** include them in your search. Search only on the numeric characters.

Disclaimers:

By paying a ticket via this Web site, the defendant is admitting responsibility for the ticket and is waiving his/her right to a hearing. Once a defendant admits responsibility for a ticket, if applicable for the offense listed on the ticket, an abstract is processed with Secretary of State to assess points on the defendant's driving record.

Admit Responsibility:

I enter my appearance, waive my right to a hearing, and I admit responsibility for the civil infraction alleged on this ticket. I understand that there may be points assessed through the Secretary of State, which will appear on my driving record.

Final Note:

The unavailability of this Web site does not release you from paying the ticket by the due date.

The defendant must enter the last name along with one of two additional data elements – ticket # or driver’s license #. If they enter the ticket #, the system will display all tickets with the last name/ticket # match. If they enter the driver’s license #, the system will display all tickets issued with the last name/dln match – possibly multiple tickets in multiple 52nd District Court divisions.

Oakland County Enhanced Access Fees

Oakland County **charges an Enhanced Access Fee** as provided by *Public Act 462 of 1996, Enhanced Access to Public Records Act*. Adopted by Miscellaneous Resolution #97165, dated August 14, 1997, the Oakland County Board of Commissioners specify, "It is the policy of Oakland County to charge a reasonable fee for providing enhanced access to a public record."

The policy defines "reasonable fee" as a charge calculated **to enable recovery over time**, only those operating expenses directly related to the public body's provision of enhanced access.

A ***Master Fee Structure** for all Oakland County enhanced access products and services was approved by the Board of Commissioners by Miscellaneous Resolution #03279, dated October 16, 2003, and is as follows:
