Center Directors:

Attached you will find numerous spreadsheets that display the calculations used to determine the amount of funding your center may apply for in its 2010 CDRP Grant Application.

The first two pages display the county filing fees, sorted by program. The third page shows the weighted caseload score by dispute type that was discussed at the May 2009 Directors' Meeting. Pages four thru six of the attached PDF show the center's weighted caseload scores for 10/1/08-9/30/09. The remaining three pages display the application of the performance funding formula and the maximum amount of funding each center may request in their 2010 CDRP Grant Application. Detailed information on the funding formula and calculations can be found on the bottom of page seven.

We understand the filing transmittals submitted to the Department of Treasury are down slightly from prior years. If new information becomes available later in the funding year that warrants an increase in maximum award amounts, we will notify all funded centers.

If you have any questions or would like any additional information, please call or e-mail me.

Thank you.

Michelle
