Trial Court Performance Measures Committee Implementation Plan

December 7, 2012

SCAO Delivers to Each Court during Site Visits in 2012-2013:

- Case age disposition rates by judge.
- Caseload pending over 100 percent by judge.
- Collection amounts (and other data) by court/location.

SCAO Posts on the Internet in May 2013:

- Clearance rates in case groups aggregated at the state level, in case groups for each court, and for each case type for each court.
- Child support collection data by court/county in comparison groups.
- Recidivism rates for sobriety and drug courts by court type aggregated at the state level.

SCAO Provides to Courts in 2013:

- Case age disposition rates by judge for court/county comparison groups.
- Caseload pending over initial or interim guidelines by judge for court/county comparison groups.

SCAO Provides to Problem-Solving Courts in 2013:

- Problem-solving court recidivism data by court.

SCAO Posts on the Internet in May 2014:

- Case age disposition rates in some form, whether by judge, court/county, region, or statewide, to be determined.
- Caseload pending over initial or interim guidelines in some form, whether by judge, court/county, region, or statewide, to be determined.

Courts Send to SCAO Results for Posting on the Internet:

- Public Satisfaction Survey by May 2014.
- Juror Utilization Rates by May 2015.
- Reliability and Integrity of Files by May 2016.
- Trial Date Certainty by May 2017.

These will be submitted and posted annually thereafter.

SCAO Posts on the Internet at a Future Date:

- Collections data by court/location.
- Other performance measures identified by TCPM.

Templates created by the TCPM Committee will be provided to courts to provide standard methods of data collection.
