## Criminal Case Header

- The PIN (Police Incident Number) field has been moved and expanded to allow 20 characters instead of 10. This change was made to eliminate CHR (Criminal History Reporting) errors that were occurring when an EJUD was sent with a TCN (Transaction Control Number) and only 10 characters of a longer PIN.

\*\*Note: Courts using the 'DCS=CTN#' feature to pull in bind over data from district court will need to manually confirm that the PIN is correct because district court is only sending 10 characters.

## Bonds

- The number of bonds on the Case Header screen has been changed, from only allowing 20, to now allowing up to 40 bonds to be added on one case.
- An edit has been added to prevent Bond Applied, Refunded, and Forfeited amounts from exceeding the posted amount.

## Forms

Revisions have been made to the following forms:

- CC219b Judgment of Sentence Commitment to Department of Corrections
  - A maximum 'days' box was added to the form.
  - A validation was added to the screen: Maximum cannot be less than Minimum
- CC382a Order After Hearing on Show Cause for Violating Valid Personal/Foreign Protection Order
- MC230 Motion and/or Order to Show Cause
- MC275 Notice Regarding Court Selected Mediator
  - NSM is the form code; for ADR use only
  - It is only available in AFP version; it will not print correctly if not set up to print AFP forms.

## Caseload revisions

*Caseload revisions have been made to accommodate Administrative Order 2011-3 Updating Time Guidelines. Part 4 of Caseload is the only section affected by this change. Prior to the change the guidelines were: Disposed 0-364, Disposed 365-546, Disposed 547-728 and Disposed +728. After the change the guidelines now read: Disposed 0-364, Disposed 365-728 and Disposed +728.*

## Late Fee Report

- Changed to be sorted by name rather than case number.
