

Processing Deferred Disposition Cases

Plea or Trial

On the Disposition screen (DSP), enter the proceeding code, date of the plea or trial, plea code (if required), disposition code, deferral code, judge, term of probation, probation officer and any other miscellaneous information ordered by the court. Common disposition codes and all deferral codes are listed below. **F4-Prompt** is available on both fields.

| COMMONLY USED DISPOSITION AND DEFERRAL CODES | |
|--|---|
| Disposition Codes | Deferral Codes |
| 01 - Found Guilty as Charged | 01 - Deferred under 333.7411, Controlled Substance Act |
| 04 - Found Guilty by Jury | 02 - Deferred under 762.14, Holmes Youthful Trainee Act |
| 14 - Disposed by Guilty Plea | 03 - Deferred under 769.4a, Spouse Abuse Act |
| | 04 - Deferred under 750.430, Practicing Under the Influence |
| | 05 - Deferred under 436.1703, Minor in Possession |
| | 06 - Deferred under 600.1070(1)(C), Drug Treatment Court |

If a defendant has been granted HYTA or Deferred MIP status, enter a **Y** (Yes) in the *Non-Public* field at the time of disposition.

Successful Discharge of Deferred Status

On the Disposition screen (DSP), enter the proceeding code, date of successful discharge, disposition code **08**, **25** or **26**, judge and any other miscellaneous information needed by the court. Close the case, update the *Non-Public* field with a **Y** (Yes) if necessary. Cases that had been granted HYTA or Deferred MIP status should already be in *Non-Public* status. For MIP offenses, request a dismissal abstract by typing an **X** in the *Audit/Dism Abs* field.

Violation of Deferred Status

On the Disposition screen (DSP), enter the proceeding code (except SH), date of violation, one of the following disposition codes, judge and any other miscellaneous information needed by the court. Verify case status. If the defendant had been granted HYTA or MIP status, remove from *Non-Public* status by entering an **N** (No) in the *Non-Public* field.

DS01 - Guilty as Charged

DS02 - Guilty of Added Offense

DS03 - Guilty of Included Offense

DS14 - Disposed on Guilty Plea

DS15 - Disposed on Plea of Nolo Contendere

Note: If PO Code SH is used, the sentencing date for the case will be changed from the original date of sentencing to the date of the violation of deferred sentence.

Processing 771.1 Delayed Sentence Cases

MCL 771.1 - Delayed Sentence: "...the court may delay sentencing the defendant for not more than 1 year to give the defendant an opportunity to prove to the court his or her eligibility for probation or other leniency compatible with the ends of justice and the defendant's rehabilitation..." (Emphasis added). Delayed sentence cases are reported as disposed on the caseload report based upon the method by which the case was adjudicated: plea, jury verdict, bench verdict. Delayed sentence cases are **public records**.

Plea or Trial

On the Disposition screen (DSP), enter the proceeding code, date of the plea or trial, plea code (if required), disposition code and judge. Enter an **X** in the *Delayed* field. Also add term of probation, probation officer and any other miscellaneous information needed by the court.

Sentencing

If the defendant is eventually sentenced to the charge, on the Disposition screen (DSP), enter proceeding code (**SH** for sentencing), date of sentencing, judge and any other miscellaneous information needed by the court.

Nolle Prosequi filed by Prosecutor

If the prosecutor files a Nolle Prosequi after the period of delayed sentence, **the original conviction disposition must be set aside prior to entering the Nolle Prosequi**. Use the Scheduling (SCH) or Disposition (DSP) screen to set aside the current dispositions, being count specific. **NOTE:** If multiple counts are being dismissed, set aside all dispositions **before** entering new dispositions. This will prevent a case from being counted multiple times as a reopened case.

On the Disposition screen (DSP), enter the proceeding code, date of proceeding, judge and disposition code **25**. You may enter a code in the *Dism* field, comments in the *Other Actions* field and/or any other information needed by the court. Close the case.

Tip: A conviction that is delayed is considered a guilty disposition. If a charge is abstractable, the abstract will automatically generate.

Change in Procedure effective May 25, 2010.

 **Processing Local Diversion Cases****Plea, Hearing or Trial**

On the Disposition screen (DSP), enter the proceeding code, date the defendant begins the program, plea code (if required), disposition code **47**, judge or magistrate and any other miscellaneous information needed by the court.

IMPORTANT NOTE: Effective January 1, 2006, DS47 became an invalid disposition code. You will still want to follow the steps below to enter a final disposition on cases that were disposed under local diversion prior to January 1, 2006.

Successful Completion of Diversion Program

On the Disposition screen (DSP), enter the proceeding code, date of successful completion, one of the following disposition codes, judge or magistrate and any other miscellaneous information needed by the court. Close the case.

- DS08** - Dismissed
- DS25** - Nolle Prosequi
- DS26** - Dismissed by Party

Unsuccessful Diversion Program

On the Disposition screen (DSP), enter the proceeding code, date of violation, one of the following disposition codes, **X** the *Set Aside Disposition* field and add any other miscellaneous information needed by the court. You must be count specific on the hop line. Verify case status.

- DS01** - Guilty as Charged
- DS02** - Guilty of Added Offense
- DS03** - Guilty of Included Offense
- DS14** - Disposed on Guilty Plea
- DS15** - Disposed on Plea of Nolo Contendere
