## MEMORANDUM

**DATE:** May 25, 2010  
**TO:** JIS District Court Users  
**FROM:** JIS District Court Team  
**RE:** Spring Software Updates

---

There will not be a Software Release CD sent to JIS District Courts this spring. We will be applying the following updates to your software between May 26 and May 28, 2010:

### Traffic/Criminal/Probation

1. **Batch Show Cause** – Two corrections were made to fix issues when printing the forms.
2. **Drunk/Drug report** – Corrected a problem where the system would not accept a date greater than 12/31/2009 when requesting this report.
3. **Alcohol Report** – Fixed an issue where the report did not print the probation term for a case unless jail time was also given on that case.
4. **FAC Update** – Corrected a problem that would occur if the FAC screen was used to update information but no case existed for that FAC record.

### Civil

1. **Action (ACT) screen**
  - a. Fixed an issue which resulted in scheduled events later adjourned or deleted not being removed from calendars or appearing on the wrong judicial officer's calendar.
  - b. Corrected when certain error messages appeared if a party is added after a case is disposed.

2. **Case Entry (CAS) screen** – Under some circumstances the comment recording a change to a Name or Alternate Name on a Civil case was appearing twice on the ROA. This has been fixed.
3. **Garnishment Delete** – When a garnishment is deleted all existing comments for that garnishment is now marked as deleted and no longer visible on the ROA except for the comment that states that the garnishment was deleted.

### Cash

1. **Cash Online – Fixed two problems discovered after our Fall 2009 release.**
  - a. The receipt range will again print on the final receipt of a multi-receipt.
  - b. The system will not ‘abort’ when entering a count number in the *Cnt* field during a cash transaction which has NOT been entered yet on an existing case.
2. **Cash Collections Report** – Modified the report to exclude cash codes having a group type of ‘O’ (i.e., bond codes: BT01, BT02, etc.) as these are not considered receivables for the purposes of this report. The codes will be excluded both on the report and in the data transfer file for courts that upload the file.

### Other

1. **Central Calendar/ Online HATS Calendar** – Fixed an issue with the incorrect display of case information when a case was scheduled for a date but not a specific time.
2. **Central Name Inquiry (CNI)** – The letter codes used to identify the status of a case when viewing through CNI have been updated with ‘H’ replacing ‘G’.

C = Closed  
H = Purged/Historical  
O = Open (Pending or Disposed)  
W = Warranted  
P = Probation

This information is also available in the on-line help text (Press ALT+F1 to access).

**Again, there will be no CD forthcoming. JIS will apply all software updates by Tuesday June 1, 2010.** Should you have any questions regarding these updates, please do not hesitate to contact the JIS District Court Help Desk at 888-339-1547 or email to [DCSHelpDesk@courts.mi.gov](mailto:DCSHelpDesk@courts.mi.gov).
