Judicial Information Systems

Delay in Matters Submitted Report (SCAO 27)

We have added the Delay in Matters Submitted Report for **Juvenile Cases**. You can find this Report in Juvenile Reports – No. 14. This Report is due on the first business day of January, April, July and October plus 7 days. In order for the system to gather this data, you need to add a result of **UAD** to the event which is undecided. Once the

Judge has decided the matter, enter a result code of **RAD**. Upon saving the result code of RAD, a subsequent screen will display for you to select which matter you want to mark as decided (in case you have more than one undecided matter on a case). If you have any questions regarding this new Report, please contact us.
