

## Reports

There are a number of reports that will assist a court in tracking cases. The reports that are listed on the case management menu are determined based on a users authority within the court location. If a user does not have access to the Probate location, they will not see the Probate reports.

1 Select Reports                Enter a 1 next to your report selection

Press                       To submit the job. The screen will reappear with the message of "Report has been submitted" in lower left hand corner.

Following is a brief description of each report.

### **Juveniles Listed by Case**

This report is in numerical order by juvenile file number followed by his/her case (petitions) numbers. The list is followed by a summary of the total files, cases and charges, with an additional breakdown of cases authorized, adjudicated legal status, wards under Act 150 and number of cases disposed.

### **Case Age**

The Case Age report lists cases that have an open status and calculates the number of days that have passed from the filed date to the report end date. The report is sorted by jurist and case type: DJ, DL, NA, and PJ. A summary is also listed for each jurist regarding total number of juveniles who are in custody and not in custody in 30 day intervals up to 361 days, followed by a grand total for the court.

### **Juvenile List by Charge**

This report is in numerical order by offense number followed by the juvenile's file and case information. Totals will be listed at the end of the report with a breakdown for case filed, authorized, adjudication with legal status, state ward commitments (Act 150) and juveniles disposed.

### **Offense Summary by Offense Location/Agency**

These reports count case charges by offense location or agency with statistical information relating to offense group, race and sex in a summary format. The audit is optional and will list all cases that were tallied for the summary.

### **Drug Offense**

This report provides the court with the total drug charge information required on form SCAO 24 (2/00). Also included is an audit of all cases that are included on the report.

### **Over Age Master Case List**

This report provides the court with an alphabetical list of juveniles 17 years of age or older, whose birth date falls within the report date range, and list their cases that remain open.

## Caseflow Management

The Case Flow Management report lists each file for the reporting period and is sorted by case type and jurist.

Following the file number, case number and name are the following columns for each case:

~Custody~

"Y" In Custody or "N" Not In Custody.

~Case Date Filed and Case Days~

Date filed and number of days from date filed to authorized date.

~Authorized Date and Case Days~

Date authorized and number of days to disposition.

(If no authorization date exists, case days are calculated from date filed to disposition date and displayed under the last case days column.)

The following case information is also listed.

~Disposition Date~

Date case disposition was entered

~Last Action~

Code and date of the last hearing.

~Next Action~

Code and date of the next action.

Following the list are totals for each jurist in intervals of 0 through 84, 85 through 98 and over 98 days for In Custody status and in intervals of 0 through 119, 120 through 180, 181 through 210 and over 210 days for Not In Custody status are printed. In addition a court summary is provided in intervals and percentages.
