

PDF Resources for the Legal Community

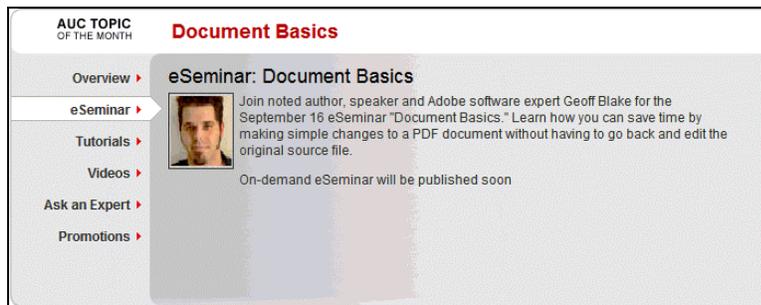

There are many resources on the Web that offer FREE tips and tricks for working with PDFs – some are general and others are specifically geared toward legal users.

Working with PDFs

Once you've scanned in or created a PDF, you may want to combine or change them in various ways.

Compare Two PDFs
Easily spot the differences between two PDFs using Document Comparison tools in Acrobat

Making Edits to PDFs with the Touchup Text Tool
Change text on both PDF Normal (e.g. converted from an electronic source) and Scanned PDF documents

Creating and working with Bookmarks

Creating and working with Links

Changing the version of a PDF
Check versions, change versions, change multiple PDFs

Splitting a PDF by file size, pages or bookmarks
Extracting a Non-sequential range of pages from a PDF

Replacing pages in a PDF
Learn how to replace pages in a PDF document. Two methods are illustrated.

Exporting PDFs to other Formats/Reuse
