Subject: Agenda Item No. 5 -Proposed Amendment of Rule 7.215

As a member of the Bar I support its position on Agenda Item No. 5 -Proposed Amendment of Rule 7.215. I also support the Partially Concurring and Dissenting opinion of Justice Markman, with the exception of his observation: "*Most certainly, an unpublished opinion is not a judicial form by which to 'bury' a decision that is in discord with the law of this state.*" I don't believe that empirical evidence can objectively support that statement.
