Subject: ADM File No. 2014-28

Hello,
I just wanted to comment on requiring the ADR clerk to put the panelists in the notice of case evaluation. I am the ADR clerk for the 54-A District Court. We already put the panelists in our notice of case evaluation so I support this change. I also send a new notice immediately when I am notified of replacement evaluators. So these changes would just reflect what I currently do. I support the changes.
