Call to Order

Administrative Matters

Minutes from May 2014 were approved by the Committee.

Human Services Representative Vacancy

Looking for suggestions. Previous suggestion was that Human Services meant someone who is more clinical in nature, someone not necessarily on front lines, but knows about child support/parenting time. If you have ideas, e-mail Liz. Lynn will reach out to FOCA, Judge Buhl (retired) to gauge interest. Talk of extension of invite to DCH staff on behavioral health side.

Received application materials from one interested candidate. Committee believes that the interest the applicant would represent are already represented within current committee members, therefore an offer would not be extended to the candidate.
