**When these codes are used, the level of disposition is determined by the EVENT.

NOTES:

When an order prepared by the parties is signed by the judge, use SET or UNC on the Court screen in the Result field, unless it is an order of dismissal which should then be entered as DIS.

When a PPO is terminated, use the OR (Order Rescinded) Clerk event.

Bench warrants on General Civil cases must be entered as a comment. BWI defers the entire case and does not allow for the user to be party specific. BWI is allowed on Domestic and Divorce cases.
