Case Summary Report

The Case Summary Report produces two reports:

~List by Month~

This report provides a monthly summary by case type of the cases filed spanning a 12 month period. The year to date total represents the number of new cases filed since the beginning of the year. A matter is considered as a new case when the case number is assigned.

~List by Year~

This report provides an annual summary by case type of the cases filed spanning a four year period. All cases filed prior to the four year period are summarized in the prior year category. A matter is considered a new case when the case number is assigned.

Running the Report:

Enter 8 in the report selection field and press <Enter>. The system will return the following screen.

The Case Flow Management report lists each petition for the reporting period by case type (DL or NA) as shown in the report title.

Totals for each judge and referee in intervals of 0 through 84, 85 through 98 and over 98 days for In Custody status and intervals of 0 through 119, 120 through 180, 181 through 210 and over 210 days for Not In Custody status are printed. The number of petitions in each interval are shown as well as the total number of petitions.

In addition, totals for the court are similarly shown above the percentage of petitions in each interval to the total petitions.

Enter the dates that you want the system to search and press <Enter>. The system will generate the report.

The caseload report consists several different sections. Following is an explanation of terms and data entry instructions for the report.

Explanation of Terms

~Beginning Pending~

Beginning pending numbers will only be reported in the first quarter caseload report. Pending refers to pending disposition. If the disposition date is filled in and the date is before the report begin date, the case is **NOT** pending and will not show up on the report.

~New Filings~

The filing date is determined by evaluating the dates on the case/petition/traffic screen. Exceptions to this rule are listed along with the corresponding graph.

~Reopened Cases~

If the reopen date is within the reporting period the case will be counted as reopened.

~Disposed~

Dispositions are entered on the petition/traffic screen in the disposition date/code fields unless otherwise noted.

Explanation of the Report

Part 1: New Filings and Reopened Cases

Section E: Juvenile

LINE	CASE TYPE	DJ	DL	PJ	TL
1	Beginning Pending				
2	New Petitions				
3	Reopened				

~Line 1 - Beginning Pending~

Petitions will be counted here if the petition has not been disposed or has been disposed after the report begin date.

~Line 2 - New Petitions~

Petitions will be counted here if the petition open date falls within the reporting period.

~Line 3 - Reopened~

Petitions will be counted here if the reopen date falls within the reporting period.

Explanation of the Report

Part 1: New Filings and Reopened Cases

Section F: Child Protective

LINE	CASE TYPE	NA	Children	LINE	CASE TYPE	NA	Children	Line	Children (NA)
1	Beginning Pending			4	Term. Petition (Orig/Ammend)			7	
2	New Petitions			5	Term. Petition (Supplemental)				
3	Reopened			6	Supplemental Petitions				

~Line 1 - Beginning Pending~

NA- Petitions will be counted here if the petition has not been disposed or has been disposed after the report begin date. NOTE: One count will be given per petition number. If there are 3 children with the same petition number, only one count will be given for that case. Only one child needs to remain at an undisposed state for the case to count as pending.

Children - Each child on the case will be counted.

~Line 2 - New Petitions~

NA- Petitions will be counted here if the petition open date falls within the reporting period. NOTE: One count will be given per petition number. If there are 3 children with the same petition number, only one count will be given for that case.

Children - Each child on all new petitions will be counted.

~Line 3 - Reopened~

NA - Petitions will be counted here if the petition re-open date falls within the reporting period. NOTE: One count will be given per petition number. If there are 3 children with the same petition number, only one count will be given for that case.

Children - Each child listed on all reopened petitions will be counted.

~Line 4 - Termination Petition (Original/Amended)~

NA - If the event type of "PTT" is found within the date range the system will count one petition no matter how many children are listed on that petition.

Children - All children for the case will be counted.

~Line 5 - Termination Petition(Supplemental)~

NA - If the event type of "PTP" is found within the date range the system will count one petition no matter how many children are listed on that petition.

Children - All children for the case will be counted.

~Line 6 - Supplemental Petitions~

NA - If the event type of "SPN" is found within the date range the system will count one petition no matter how many children are listed on that petition.

Children - All children for the case will be counted.

~Line 7 - Children~(number of children in line 2 who have had prior court jurisdiction)

Each child will be counted whose case/sfx is reopened and there is a petition with an open date after the case closed date.

Charge Disposition Report

The Charge Disposition report consists of two reports:

~Charge Disposition Report by Petitioner~

This report provides detail of petitions and the current status of the charges that were closed during the reporting period or are pending at the end of the reporting period. The report is printed in case name sequence. Multiple charges on the same petition are listed separately.

~Charge Disposition Report with Disposition Totals~

This report provides an alphabetical list of all petitions that were closed during the month or remained open with the location of the offense and the current status. A summary of status is also reported. Multiple charges on the same petition are reported separately. This report also lists a summary by offense group.

Petition Age Report

The Petition Age Report lists petitions that have not been closed. The age is based on the date the petition opened compared to the date this report is run.

Totals are given in 30 day intervals as well as all petitions more than 360 days. The totals are printed for In Custody and Not In Custody status carried on each petition. Multiple names will appear when the child has more than one petition pending.

Running the Report:

Enter 25 in the report selection field and press <Enter>. The system will return the following screen.
